Upcoming PharmEd Programs in Your Area

October 03, 2017 • Cromwell, CT

October 25, 2017 • Flushing, NY

November 7, 2017 • Westford, MA

Participant Requirements and Statement of Credit:

To receive credit, participants must fully attend each session (no partial credit will be awarded), pass in a completed attendance verification form, and using the access code provided, complete the online evaluation for each session attended. Attendance will be verified. All participants will have the opportunity to evaluate the educational sessions and presenters as well as the ability to identify their future educational needs.

Pharmacists: CE credit will be automatically uploaded to CPE Monitor upon completion of the evaluation and posted to the participant's NABP account within 72 hours where an official certificate of credit can be printed.

Evaluations must be completed within 60 days of program date to receive credit.

Starting January 1, 2018 ACPE will be charging a \$200 fee for any credits submitted into the CPE Monitor after 60 days. It is the participant's responsibility to complete all activity evaluations and confirm that credits are in the CPE Monitor after attending an activity.

Statement of Disclosure:

Disclosure will be made on the day of the program regarding any interest or affiliation a speaker may have with any commercial interest as well as any commercial support received for this conference.

Refund Policy:

A full refund will be provided only if a written request is received by American Health Resources, Inc. at least 48 hours prior to the program or if the program is cancelled. American Health Resources, Inc. reserves the right to change the presenters, topics or seminar schedules.

Supported by Independent Educational Grants From:

Boehringer Ingelheim
Pharmaceuticals, Inc and
Lilly USA, LLC.

Educational Supporter:

New England AIDS Education and
Training Centers

- 3:00 p.m.- 5:00 p.m. Regulatory Update 2017 (Law credit) (0.2 CEUs)

The Opioid Epidemic as Seen From the Street and the Clinic: 8:30 a.m. – 10:00 a.m.
What Pharmacists Can Do

Presenter: Joe Wright, MD, AAHIVS Boston Health Care for the Homeless Program

Learning Objectives:

- Discuss current theories about the nature of addiction and the roots of our current opioid epidemic.
- Identify common non-controlled substances that are used in street “cocktails” to enhance or modify opioid effects.
- Describe the role of buprenorphine, naltrexone and methadone for addiction treatment.
- Explain the efficacy and effectiveness of naloxone and the importance of pharmacists in stopping overdoses.
- Recognize the distinction between trust and patient-centeredness, in order to build healing relationships with people we may not trust.

ACPE UAN: 0280-9999-17-092-L01-P Knowledge Based Credits: 1.5 Contact Hours (0.15 CEUs)

An Evidence-Based Approach to Lowering Cardiovascular 10:30 a.m. – 12:00 p.m.
Risk through Lipid Management

Presenter: Bryan Cook, PharmD, BCPS; Clinical Pharmacy Specialist, Cardiology & Critical Care, Brigham & Women’s Hospital; Affiliate Clinical Assistant Professor, Northeastern University School of Pharmacy

Learning Objectives:

- Examine the most recent research-based evidence of lipid-lowering therapies and relate to patient cases.
- Evaluate therapeutic options available for cholesterol management to lower cardiovascular risk.
- Apply current practice guidelines to patient cases to determine best course of treatment.

ACPE UAN: 0280-0000-17-093-L01-P Application Based Credits: 1.5 Contact Hours (0.15 CEUs)

A Case Based Approach to the Management of Type 2 Diabetes 1:00 p.m. – 3:00 p.m.

Presenter: Jennifer Goldman, PharmD, CDE, BC-ADM, FCCP; Professor of Pharmacy Practice, MCPHS University; Clinical Pharmacist, Well Life Medical, Peabody, MA

Learning Objectives:

- Compare, contrast and apply newly released American Diabetes Association and American Association of Clinical Endocrinologists guidelines for glycemic management in patients with type 2 diabetes.
- Describe the pharmacokinetic and pharmacodynamic differences of the SGLT-2 inhibitors, GLP-1RAs, DPP4 inhibitors, and basal insulins, and their roles within the guidelines.
- Evaluate current data of combination therapy, including fixed-ratio agents, based on efficacy, dosage form, and complementary actions.
- Utilizing patient cases, formulate evidence-based treatment regimens that optimize both fasting and post-prandial glucose and A1C reduction.

ACPE UAN: 0280-0000-17-081-L01-P Application Based Credits: 2 Contact Hours (0.2 CEUs)

Original offering 10/3/2017

Regulatory Update 2017 (Law credit) 3:00 p.m. – 5:00 p.m.

Presenters: Michelle A. Chan, RPh, Quality Assurance Pharmacist; Julieanne Tran, PharmD, RPh, Pharmacy Investigator; Massachusetts Board of Registration in Pharmacy

Learning Objectives:

- Summarize the differences between legislation and regulations.
- Differentiate between proposed and current regulations.
- Describe proper compliance techniques for medication specialty packaging.
- Describe the common deficiencies found by investigators during pharmacy compliance inspections.

ACPE UAN: 0280-0000-17-094-L03-P Knowledge Based Credits: 2 Contact Hours (0.2 CEUs)
